SPECIALIST TRAINING

Our courses are conducted in the Czech Republic, in rural countryside, providing all year facilities for all weather conditions to prepare individuals in a practical environment. Training is instructed by ex police and military personnel experienced in law enforcement and specialist operations. We provide safe professional training to beginners, or those with some experience hoping to raise their standards. For more information go to www.firearm-services.co.uk

BASIC FIREARMS COURSE	2 DAYS	<p>A basic introduction to handling firearms. You will shoot at fixed targets and drop down targets using different guns from various distances.</p> <p>Price includes 2 nights accommodation with breakfast, transfers to and from the airport in the Czech Republic, and all ammunition. Flights are not included in price</p>	£ 660.00
ADVANCED FIREARMS TRAINING	3 DAYS	<p>Shooting on command from one to two handed shooting. Numerous stance and techniques will be introduced including: kneeling, sitting, walking backwards, forwards, and sideways. Rapid shooting skills are developed by quick reloading and magazine changing whilst moving towards targets. The course also includes problem solving, ie gun jams. All trainees must be physically fit.</p> <p>Price includes 3 nights accommodation with breakfast, transfers to and from the airport in the Czech Republic, and all ammunition. Flights are not included in price</p>	£ 900.00
TACTICAL TRAINING	5 DAYS	<p>Intense training includes various shooting styles and positions, armed foot drills, building entry, armed protection (body guard skills), single and multiple targets. All trainees must be physically fit and healthy as this course is demanding and challenging.</p> <p>Price includes 5 nights accommodation with breakfast, transfers to and from the airport in the Czech Republic, and all ammunition. Flights are not included in price</p>	£ 1,380.00
ISRAELI TRAINING COURSES	6 DAYS	<p>An intense training course that includes developing shooting skills under pressure, shooting on command whilst walking backwards, forwards, sideways, and crawling, problem solving (ie gun jams), armed building entry and building searches. The training takes place across rough and rugged terrain. Various obstacles will be encountered including pipes, and rivers. The course also includes unarmed defence training, in particular Krav Maga. All trainees must be at fitness peak as this is a full contact and physical training course with the possibility of injury from the intense levels of instruction and demand of the course.</p> <p>Price includes 6 nights accommodation with breakfast, transfers to and from the airport in the Czech Republic, and all ammunition. Flights are not included in price.</p>	TBC
